REJUVENAIDE™ MAX LIQUID

EQUINE FEED SUPPLEMENT

SUPPORTS JOINT AND LEG DEVELOPMENT

ProElite® Rejuvenaide® Max Liquid is an ultra-premium equine feed supplement targeting nutritional support for healthy joint and leg development in foals and growing horses. This top-dress supplement is designed to help promote normal growth and healthy leg development.

FEATURES AND BENEFITS:

- Targeted nutritional support for healthy joint and leg development in foals and growing horses
- Targeted nutrients to support healthy joint and tendon development
- Concentrated source of vitamins and organic trace minerals essential for growing horses
- Added flax oil as a source of Omega 3 fatty acids
- Molasses flavored to enhance palatability
- Easy-to-use liquid form for nursing foals and weanlings

FEEDING DIRECTIONS:

Rejuvenaide® Max Liquid should be provided to foals at the rate of 10 cc's per 100-pounds of body weight waily. Rejuvenaide® Max Liquid can be top-dressed on feed at the rate of 1-ounce per 300-pounds body weight or 2-ounces per 600-pounds body weight per day.

Shake well before use. Store in a cool, dry place.
